

My Town

The name of my town is Santo Domingo D.N. with a population of 3

Million people, the size of my town is 1.206.35 Km2 and it's located in The Dominican Republic in the Caribbean Sea Next to Puerto Rico.

Outside of my town there's a lot of hill with trees and seaside, some of the most

expensive areas to live in are The Naco and Piantini and the cheapest areas are the dangerous neighbourhoods, I lived all my life in Los Rios that was my area.

The main jobs area the tourism and the retail, around there were some good school like the Fray Ramon Pane and INTEC but I dint went to any of this one, I went to a familiar School called El San Juan. In my area there are some shops that the people usually go the like the Ice Cream Parlour and Shopping Center and the Nacional sport of my country is the Baseball follow by the Volleyball and Basketball.
